Celebrating 20 years of business in 2014, International Wholesale Tile’s mission still remains to be the best quality supplier in the industry. IWT is dedicated to providing the only finest quality materials available direct to our allied distributors.

IWT is a provider of premium porcelain, ceramic, natural stone and a variety of decorative glass, pool and mosaic tile products that are available in a wide variety of retail floor covering stores, design centers and specialty tile & stone shops across the United States.

The commitment of the company is to continuously improve our product offerings, our sales channels, our depth of inventory and all of our procedures to make sure we are in an affirmative position to deliver only the best service possible so that our customers can maintain their competitive edge.

ABOUT TESORO, THE COLLECTION

Every Tesoro™ tile carries with it an artistic heritage that simply cannot be duplicated. Artisans around the world have passed down the skills of unmatched craftsmanship throughout the generations, and only Tesoro tile integrates these fine skills into every tile we offer.

When you look for tile, make sure you know what makes a tile great: finest ingredients like porcelain, ceramic, stone, glass and metals – a broad palette of colors and textures to choose from – and an indication that the tile you’re looking at is part of the Tesoro Collection.

Look for tiles that carry the Tesoro logo, which indicates they are made using only the finest materials! Learn more at www.iwttesoro.com.

YOUR HOME IS A TREASURE. TILE ACCORDINGLY.

Note: Images are not always accurate. Variation in color, shade and finish are inherent for all ceramic, porcelain and stone products. Samples must be used to confirm current materials available at time of specifying.

Green benefits of Tesoro, Porcelain, Ceramic & Pietra Antica Stone Tiles

Tesoro porcelain & Pietra Antica stone tiles have many “Green” qualities making them environmentally friendly.

GREEN BENEFITS OF IWT CERAMIC AND TESORO PORCELAIN TILES

- They are inert and release no VOC emissions
- Most contain some percentage of recycled content
- They are very long lasting (life-cycle analysis)
- They require very little maintenance

Tesoro porcelain tiles also benefit from being manufactured using all natural materials and include many features making them environmentally friendly. In addition these tiles do not retain odors, allergens or bacteria.

GREEN BENEFITS OF PIETRA ANTICA STONE TILES

- They are all natural products
- They have an enduring lifecycle (durability)
- They are all very easy to maintain
- It is a recyclable material that can be reclaimed
- Our manufacturers use best practices for all processing
